4) The question of appointing a Lay Secretary was considered in connection with the scheme of having a Common Commissariat for the three Major Hospitals in Bangalore City.

5) The file on the subject Med.258-34 Sl.1-5 is put up for reference. Kind reference is invited to the Financial Secretary's Note dated 16-8-1935 therein and the orders of the Second Member dated 26-8-1935 thereon as detailed below:-

Reg D

"The idea of the scheme seems to be not merely a Common Commissariat but a combined office dealing with official matters as well as the supply services. This is the scheme of the Senior Surgeon though his letters do not explain it fully. That idea accounts for the Secretary as well as typists etc.,

I agree with the Financial Secretary that for the present, one linen clerk, two cooks and two diet distributors may be appointed at once as they are urgently required. The other proposals may wait, especially, as they depend upon the construction of a common kitchen building which has not yet been sanctioned."

The post and has proposed a fixed pay of Rs 200/- for him. Perhaps an officer with general experience would be likely. He description of time pay at 150 – 10 – 200 or 150 – 10 – 250 may also be considered. Since it may not be desirable to have the same man for any length of time, the question of granting an allowance of Rs 50/- to any one who may be appointed during such time as he works as Lay Secy may perhaps be considered also. The question as to how the additional staff should be paid has not been raised by the S.S. might have to be considered.

| (2) Appointment of an extra linen clerk on Rs 20/- p.m. | 240 |

| Total | 2,497 |

26) The savings referred to in (3) do not represent real savings, since the present incumbents will continue to draw their present pay; and on the other hand, there will be extra expenditure on account of the improvement in the scales of pay of certain posts. The need for the revision has not also been explained. This can not be sanctioned unless there are immediate savings.

27) An extra linen clerk has very recently been sanctioned, against two asked for by the Senior Surgeon, and the department should be able to manage with one extra hand for the present. As already brought to notice in the several previous notes of the Finance Department, the amalgamation of hospitals for general control should result in savings to Government and in any case should not involve in extra expenditure.

28) It is not clear why the appointment of a lay Secretary for doing work which is now being done by technical men should involve extra cost. There is no additional work to be done and no additional expenditure should be caused to Government. If a

lay Secretary is appointed, corresponding savings should be effected by withdrawing a tenhnical man. The pay proposed for the Lay Secretary is also high. When an Amildar is given a minimum pay of Rs 150, more than this would not be necessary for the Secretary.

29) In the present financial condition, creation of new posts involving extra recurring expenditure should be avoided as far as possible. Even if extra expenditure has necessarily to be incurred, corresponding savings in other items of expenditure have to be pointed out (vide Circular No. Fl. 603-62, G.F. 18-35-1 dated 18th July 1935). There is no provision for the purpose in the current year's budget, and the budget has been barely balanced and does not permit the sanction of extra grants.

30) The proposals should be revised so as to involve no extra cost if they should be sanctioned.

*Senior Surgeon with the Government of H. H. the Maharaja of Mysore.*

To

The General Secretary to the Government of
His Highness the Maharaja of Mysore, Camp, Mysore.

Sir,

With reference to your D.O.letter No. G 2753 dated 9th October 1935, I have the honor to forward herewith a revised statement giving the details of the minimum staff required for the three Hospitals. It will be seen from the statement that the additional cost now involved in the revised proposals is Rs 208. 29/30 per mensem or Rs 2497.7/9 per annum, including the Secretary's pay at Rs 200. With the exception of this appointment, the revised proposal does not involve any additional cost. I have reduced the scaleof pay of the stewards to keep down the cost.

I may add that it is desirable and advantageous to designate the post of Lay Secretary a Gazetted one, so that he may better be enabled to discharge his duties with a due sense of responsibility; thereby relieving the Medical Officers of much of the routine and permitting them to devote more attention to professional work. He should be entrusted with such duties as the supervision of all correspondence, calling for tenders, signing bills and vouchers, drawing and crediting moneys, indenting for supplies, and the general supervisiin of the work of the stewards. An officer of a lower non-gazetted rank cannot be entrusted with such responsible duties without causing anxiety to the Medical Officers. I should suggest that an officer who has had considerable experience as a Superintendent in the Comptroller's office may be selected for the post.

I have the honor to be,
Sir,
Your most obedient servant,
S. Subba Rao
Senior Surgeon.

O R D E R No. Q. 4810-12/Med.-Off 11/12/35

The question of appointing a ~~Lay~~ Secretary for the Victoria, the Minto Opthalmic and the Vani Vilas Hospitals at Bangalore has been under the consideration of Government for some time ~~past~~.

The Senior Surgeon has urged the need for the appointment in connection with the scheme for the unification of services in these institutions. He states that the appointment of a Secretary will conduce to more efficient working of the hospitals relieving the Medical Officers of much of the routine and enabling them to devote more attention to professional work. He also proposes that the Secretary may be entrusted with such duties as the supervision of correspondence, calling for tenders, signing bills and vouchers, drawing and crediting

money and indenting for supplies, ~~and with~~ He is also the general supervision of the work of the stewards.

Government approve of the proposal and are pleased to direct that ~~the~~ an officer of the rank of ~~the~~ Assistant Commissioner be posted as Secretary. This appointment is made for two years in the first instance after which period they Govt believe it will be sufficient if an officer of the rank of Amildar is appointed ~~Secretary~~ to the office place.

Correspondence ending with letter No. D393-20 dated 15th October 1936 from the Senior Surgeon submitting for sanction of Government revised proposals for the appointment of a Secretary for the three major hospitals viz., the Victoria, the Minto Ophthalmic and the Civil Military Hospitals in Bangalore.

---

Order No. H. 4810-12/Med. 92-35-5

Bangalore, 11th December 1936.

The question of appointment of a Secretary for the Victoria, the Minto Ophthalmic and the Civil Military Hospitals at Bangalore has been under the consideration of Government for some time.

The Senior Surgeon has urged the need for the proposed appointment in connection with the scheme for the unification of services in these institutions. He states that the appointment of a Secretary will conduce to more efficient working of the hospitals relieving the medical officers of such of the routine and clerical work as stands in the way of their attention to professional work. He also proposes that the Secretary may be entrusted with such duties as the supervision of correspondence, calling for tenders, placing supply orders, checking and arranging money and indenting for supplies. He will also generally supervise the work of the attenders.

Government approve of the proposal and are pleased to direct that an officer of the rank of Assistant Commissioner be appointed Secretary. This appointment is made for two years in the first instance after which period Government believe it will be sufficient if an officer of the rank of Tahsildar is appointed to the post.
